Client Brief - General Questions:

What is the general purpose of the room, is it a living space that is also to be used as a Cinema/ Media Room or is it dedicated to this purpose?
How much do you value this room? What does it mean to your standard of living? What is your perfect evening in?
What times and what days will the room be used for viewing?
How many people will usually be watching TV/ Movies, is there a minimum and a maximum?
What kind of look and feel would you like for the room, would you like to hide the technology away or would you like it to be seen?
Have you seen a Media/ Cinema Room you like and want to emulate? Friends House/ Magazine Etc?
What kind of Visual and Audio sources do you typically enjoy? Are there any specific requirements?
Would you like lighting control to set mood scenes for watching TV/ Movies?
Would you like a control system to make selecting what you want to watch as easy as possible or are you happy having many remotes to control the equipment? If so would you like this to operate the Lighting as well?
